

On October 24, 2019, on the basis of the Department of Standardization, Metrology and Certification, an international scientific and practical conference was held: "Standardization is a tool to increase the competitiveness of domestic products, integrate the Kazakhstan economy into the world with standardization methods", dedicated to the 15th anniversary of the department and the 20th anniversary specialty "Standardization, metrology and certification".

The conference was attended by leading scientists of universities of far and near abroad: Israel, the Russian Federation, the Republic of Uzbekistan, Moldova, representatives of ENU named after L.N. Gumilyov, Kazakh University of Technology and Business, as well as students, undergraduates, doctoral students of KATU im. S.Seifullina.

Head of the Department Kurmangalieva DB made a welcoming speech to the conference participants, telling about the history of the department, the goals and prospects for further development.

The conference delivered a report, each of which was interesting in its own way and caused a considerable number of clarifying questions.

At the end of the conference, results were summed up, letters of thanks and letters of thanks were presented.
