

The «Standardizing, metrology and certification» technical faculty has held a series of seminars from Decemer 8<sup>th</sup> untill 12<sup>th</sup> 2017, organized by the employer for students and teaching staff.

The seminars were attended by Bulashev B.K. PhD of KazNII in agricultural products recycling, Milokumov V.S. – leading expert of KazInMetr, Ansarova J.B. – chief officer of strategic development and analysis department of KazInST, Karimova G.K. – head of department in KazInST.

The content of the seminars was relevant, and the addressed issues gained a lot of attention from the audience.

During the meetings with the employers, students and teaching staff had an opportunity to expand own field of interest and to apply the gained knowledge for the benefit of Kazakhstan's development.
